

Devastation Left in the Wake of German Armies

MILL AT COURCELLES, FRANCE, WITH BOILERS BLOWN BY DYNAMITE INTO A MASS OF SCRAP AND TWISTED METAL. THIS IS TYPICAL OF HUNDREDS OF SIMILAR CASES OF DESTRUCTION IN THE INVADIED DISTRICTS OF FRANCE.

AN ORGY OF DESTRUCTIVE RAGE IS INDICATED BY THIS RUIN OF THE EXTENSIVE WORKS OF THE COAL PITS AT DOURGES, FRANCE. NO MILITARY END WAS SERVED BY THIS, AND IT WAS WHOLLY OUTSIDE THE SANCTION OF INTERNATIONAL LAW.
